

Preparation for a Colonoscopy for Patients Prescribed with PEG - 4L

About Colonoscopy

Colonoscopy is a procedure to investigate your large intestine or bowel (colon). Some parts of the small intestine (terminal ileum) can also be investigated. Using the camera on the tip of a flexible tube, diseases that affect the internal lining of the colon can be detected. Your doctor can remove polyps (lumpy growth that can become cancerous) from the internal lining of the colon, or take samples (biopsy) for further evaluation. Piles or haemorrhoids (swellings of the blood vessels in the region of the anus) can also be treated by tying with a medical rubber band.

Dietary Restrictions One Day Before Colonoscopy

- Take only light, low-fibre meals such as:

Whitebread
(no spread)

White
porridge/rice

Lean meat
(chicken/fish)

Eggs

Coffee/tea
(no milk)

- Stop taking any dairy products, oily and high-fibre foods such as:

Dairy
Products

Fruits and
vegetables

Whole
grains/oats

Medication

Polyethylene Glycol Electrolyte Solution (PEG) is used to empty the colon before endoscopy. You may experience nausea, vomiting and diarrhea.

Important:

- Do continue taking your medication for heart disease and high blood pressure.
- Please consult the nearest doctor if you experience vomiting or severe abdominal pain (stomachache).
- Please stop taking blood thinning medication (such as anti-platelet agents and anti-coagulation medication) and iron tablets, as advised by your doctor.
- Do not take your diabetes medication on the day of your colonoscopy.

Patients Scheduled for Colonoscopy Between 8am and 1pm

One Day Before Procedure

Time	Instructions
	Start taking the PEG solution 1 day before your colonoscopy.
7am	Light low-fibre breakfast
12pm	Light low-fibre lunch
6pm	Light low-fibre dinner
6.30pm	Stop consuming solid food until your procedure is done. Please observe fasting instructions as indicated to avoid procedure from being postponed.
7 - 10pm	Prepare the PEG solution by mixing 3 sachets of PEG powder with 12 glasses of water (total of 3L). Consume the solution and finish it by 10pm.
10 – 12am	Drink water to replenish the water loss from the effects of drinking the PEG solution.

Day of Procedure

Time	Instructions
5 - 6am	No consumption of food is allowed. Prepare the PEG solution by mixing 1 sachet of PEG powder with 4 glasses of water (total of 1L). Consume the solution and finish it by 6am. You should stop drinking water 2 hours before your colonoscopy appointment.

Patients Scheduled for Colonoscopy Between 1pm and 5pm

One Day Before Procedure

Time	Instructions
	Start taking the PEG solution 1 day before your colonoscopy.
7am	Light low-fibre breakfast
12pm	Light low-fibre lunch
6pm	Light low-fibre dinner
7 - 10pm	Prepare the PEG solution by mixing 3 sachets of PEG powder with 12 glasses of water (total of 3L). Consume the solution and finish it by 10pm.
10 – 12am	Drink water to replenish the water loss from the effects of drinking the PEG solution.

Day of Procedure

Time	Instructions
5am	Light low-fibre breakfast.
5.30am	Stop consuming solid food until your procedure is done. Please observe fasting instructions as indicated to avoid procedure from being postponed.
6 - 7am	No consumption of food is allowed. Prepare the PEG solution by mixing 1 sachet of PEG powder with 4 glasses of water (total of 1L). Consume the solution and finish it by 7am. You should stop drinking water 2 hours before your colonoscopy appointment.

Good vs Poor Bowel Preparation

Inadequate bowel preparation reduces the effectiveness of the colonoscopy procedure and may require a repeated procedure.

If your stool appears like stool 1 to 4 shown below, please report to the Endoscopy Centre 2 hours before your procedure. Your doctor may advise you on additional medication for your bowel preparation.

Stool 1

Dark brownish and large solid clumps

Stool 2

Brownish and small solid clumps

Stool 3

Light brown liquid with sediment

Stool 4

Light brown liquid with minimal sediment

Stool 5

Brown clear liquid

Stool 6

Light yellow, clear liquid

Clean colon after good bowel preparation

Arriving For Your Appointment

- On the day of your procedure, please arrive at:
Endoscopy Centre, Tower A, Level 2
Woodlands Health Campus
17 Woodlands Drive 17
Singapore 737628

Directions to Woodlands Health Campus

Getting around Campus

- Please arrive 1 hour before your appointment time.
- If you do not receive your appointment details within 3 working days from the date of your clinic visit, please call Endoscopy Centre at 6361 6021 (Monday to Friday, 8.30am to 5.30pm).
- Please keep to your scheduled date. If you are unwell (i.e. fever, cough and flu) or wish to postpone/ cancel the procedure, please call WH Endoscopy Centre during its operating hours, or the Contact Centre at 6363 8000 (Monday to Friday, 8.30am to 5.30pm and Saturday, 8.30am to 12.30pm).

Documents to Bring

Please produce the following documents for verification on admission:
